Shopping as Comedy: A Victorian Scrapbook Alexis Easley, 2024-05-09 This volume is a critical edition of a Victorian scrapbook, composed of cuttings from advertising images from the 1880's. These images are arranged in hand-drawn domestic spaces and embellished with watercolour details. At the foot of each page is a handwritten running text, written by an unknown Victorian author, that provides a narrative to explain the accompanying images. The album also includes four original short stories, interspersed by twenty-three vignettes, which, like advertisements in a magazine, echo and reinforce themes in the surrounding content. The album highlights issues of concern to women at the fin de siècle: romance, marriage, shopping, and house decoration. The satirical commentary on late Victorian shopping and commodity culture provides a fascinating insight into the interests and responses of consumers during this period. The volume will be of great interest to students and scholars of literary and advertising history.

Constant Friends Michele Durkson Clise, 1992 Everyone loves bears, and among bears, none is more delightful than Ophelia B. Clise. Now Ophelia has her very own scrapbook, re-creating the look and feel of a Victorian album. 150 full-color photographs.

The Scrapbook in American Life Susan Tucker, Katherine Ott, Patricia Buckler, 2006 This book explores the history of scrapbook-making, its origins, uses, changing forms and purposes as well as the human agents behind the books themselves. Scrapbooks bring pleasure in both the making and consuming - and are one of the most enduring yet simultaneously changing cultural forms of the last two centuries. Despite the popularity of scrapbooks, no one has placed them within historical traditions until now. This volume considers the makers, their artefacts, and the viewers within the context of American culture. The volume's contributors do not show the reader how to make scrapbooks or improve techniques but instead explore the curious history of what others have done in the past and why these splendid examples of material and visual culture have such a significant place in many households.

The Scrapbook of Frankie Pratt Caroline Preston, 2011-10-25 For her graduation from high school in 1920, Frankie Pratt receives a scrapbook and her father's old Corona typewriter. Despite Frankie's dreams of becoming a writer, she must forgo a college scholarship to help her widowed mother. But when a mysterious Captain James sweeps her off her feet, her mother finds a way to protect Frankie from the less-than-noble intentions of her unsuitable beau. Through a kaleidoscopic array of vintage postcards, letters, magazine ads, ticket stubs, catalog pages, fabric swatches, candy wrappers, fashion spreads, menus, and more, we meet and follow Frankie on her journey in search of success and love. Once at Vassar, Frankie crosses paths with intellectuals and writers, among them "Vincent" (alumna Edna St. Vincent Millay), who encourages Frankie to move to Greenwich Village and pursue her writing. When heartbreak finds her in New York, she sets off for Paris aboard the S.S. Mauritania, where she keeps company with two exiled Russian princes and a "spinster adventuress" who is paying her way across the Atlantic with her unused trousseau. In Paris, Frankie takes a garret apartment above Shakespeare & Company, the hub of expat life, only to have a certain ne'er-do-well captain from her past reappear. But when a family crisis compels Frankie to return to her small New England hometown, she finds exactly what she had been looking for all along. Author of the New York Times Notable Book Jackie by Josie, Caroline Preston pulls from her extraordinary collection of vintage ephemera to create the first-ever scrapbook novel, transporting us back to the vibrant, burgeoning bohemian culture of the 1920s and introducing us to an unforgettable heroine, the spirited, ambitious, and lovely Frankie Pratt.

Making Pictorial Print Alison Hedley, 2021-12-21 At the end of the nineteenth century, print media dominated British popular culture, produced in greater variety and on a larger scale than ever before. Within decades, new visual and auditory media had ushered in a mechanized milieu, displacing print from its position at the heart of cultural life. During this period of intense change, illustrated magazines maintained a central position in the media landscape by transforming their letterpress orientation into a visual and multimodal one. Ultimately, this transformation was important for the new media cultures of the twentieth and twenty-first centuries. *Making Pictorial Print* recovers this chapter in the history of new media, applying concepts from media theory and the digital humanities to analyse four popular late-Victorian magazines - the *Illustrated London News*, the *Graphic*, *Pearson's Magazine*, and the *Strand* - and the scrapbook media that appropriated them. Using the concept of media literacy, these case studies demonstrate the ways in which periodical design aesthetics affected the terms of engagement presented to readers, creating opportunities for them to participate in and even contribute to popular

culture. Shaped by publishers, advertisers, and readers themselves, the pages of these periodicals document the emergence of modern mass culture as we know it and offer insight into the new media of our digital present.
